

Who We Are

Sharp Digitals is a professional white-label printing partner built for businesses, resellers, designers, and agencies that want to offer a complete range of print products without managing production themselves. We operate quietly in the background, ensuring your brand remains the only one your customer sees.

Our infrastructure is designed around digitally printed products, allowing us to deliver consistent quality, flexibility, and dependable turnaround across everyday business and marketing requirements. From stationery and marketing collaterals to packaging, labels, and specialty stickers, we support a wide spectrum of print needs under one reliable system.

At Sharp Digitals, we don't compete with our partners or offer design services. Instead, we focus entirely on printing, finishing, and delivery, making it easier for you to scale your offerings, improve margins, and serve customers with confidence. You bring the design and the client — we handle the rest.

Why Printing Becomes a Bottleneck

Many businesses want to sell more print products but get stuck with limited machinery, inconsistent quality, multiple vendors, or operational complexity. Managing production, timelines, and dispatch often slows down growth instead of enabling it.

That's where Sharp Digitals steps in.

One Partner. Unlimited Print Possibilities.

Sharp Digitals simplifies printing by giving you access to a wide product range through one reliable, white-label partner. You focus on selling and growing your business — we take care of printing and delivery.

Why Choose Us

- White-label printing — your brand, your customer
- Wide range of digitally printed products under one roof
- Consistent quality and professional finishing
- Reliable production and delivery timelines
- No investment in machines or inventory
- Simple process: You design & upload, we print & deliver
- Built for resellers, agencies, and growing businesses

How it Works

- You create or collect the design
- Upload print-ready files
- We print using professional production standards
- We pack and deliver directly to your customer or you

No confusion. No back-and-forth. No operational stress.

Who Can Benefit From Us

- Print resellers
- Advertising & branding agencies
- Designers & studios
- Corporate sellers
- E-commerce brands
- Entrepreneurs offering print products

Products You Can Offer Under Your Brand

From everyday business stationery to premium packaging and stickers, Sharp Digitals enables you to confidently sell a complete print portfolio.

Sunpack

SINGLE COLOR SUNPACK

These Sunpack sheets are available in single color. The routine and usual colors are yellow, white etc. But other colors are also now available in single color Sunpack Sheets.

Sunpack sheets were available in single color, when it was introduced first as outdoor advertising tool. The first available color was yellow as it was visible clearly from a reasonable distance. Printing by black color on yellow sunpack sheets made its mark in outdoor advertising and branding, marketing activities. Later, other colors like white, etc were introduced in single color sunpack sheets.

Single color sunpack sheets are still the choice of majority in mass advertising and marketing because of its clarity of contents printed on the sunpack sheets.

SIZE

Sunpack

2 COLOR SUNPACK

These Sunpack sheets have two colors in single sheet. The routine colors are yellow red combination, yellow black, yellow blue combinations. It is used for product promotions. Other colors are also available in Double Color Sunpack Sheet color combinations.

Two colored sunpack sheets are more attractive in appearance. Different combinations of colors, homogenous or contrast, add weightage to the display value of the company, product, brand or service advertised for marketing on these two colored sunpack sheets.

The designs and patterns of colors differ in these two color sunpack sheets. This design or pattern is customized and can be selected by the customer as per their needs. Color displays in both the colors can be in single appearance of one color or repetitive in both the colors. This variability in double color display make these two color sunpack sheets more beautiful and an attractive tool for advertising and marketing displays.

Sunpack

3 COLOR SUNPACK

These Sunpack sheets display three colors in a single sheet. These sheets are very useful in brand promotion because of its very attractive display capacity. Three Color printing on these in sheets makes these more attractive and prominently visible from a distance.

Three colored sunpack sheets are one step ahead of two colored sunpack sheets. Here the sunpack sheets are of three colors instead of two. These colors again can be homogenous or contrast in characters. But being sunpack sheets having three colors, the color combination often remains heterogeneous instead of being in contrast. This makes the color adjustments of the sunpack sheets more suitable for advertising and marketing displays.

Three color sunpack sheets are more glamorous in appearance and are ideal for advertising and marketing for premium group of companies, brands, products or services. The color displays are ideal for highlighting the products being advertised with their unique selling points. The three color sunpack sheets are capable to make the public stop and read what is displayed on the sunpack sheets.

Sunpack

MULTI COLOR SUNPACK

Multicolour Sunpack Sheets are the most attractive and cost-effective means to promote a company, a brand, or a product. These sun pack sheets are available in various attractive brilliant colours which are visible from a distance, even in insufficient light.

The variety of colours in sunpack sheets allow the printing to be done in matching colours, to make the presentation even more attractive and visible. These multicolour sunpack sheets not only make the most beautiful way of display for the brand or the product, but it also enhances the brand value of the product, by making the consumers immediately attracted towards the product.

Multicolour sunpack sheets can be used as Poll Kiosk, No Parking Boards, Cut-outs, Wall Mount Danglars, Box, Dummy Product, Product Display Stands etc.

These multicolour sunpack sheets are weather and water resistant and have long life even in the outdoor displays. They are bright displays that is made brighter with the usual top-quality multicolour printing on these sheets. These sheets can also be customized and die cut, as per the requirement of the company.

Whether for business or personal use, they stick firmly to laptops, bottles, cars, packaging, and any smooth surface without leaving residue upon removal. Ideal for both indoor and outdoor applications.

Waterproof & Weather-Resistant – Suitable for all conditions, including rain and sunlight.

Durable Vinyl Material – Long-lasting adhesion with fade-resistant printing.

Customizable Designs – Available in multiple shapes, sizes, and finishes.

Easy Application & Residue-Free Removal – Peels off smoothly without surface damage.

High-Quality Printing – Ensures vibrant colors and crisp details.

Ideal for Personal & Business Use – Perfect for branding, marketing, and decorations.

 **SIZE - CUSTOMIZABLE**

 **QUANTITY - 1 TO ∞**

 **BEST FOR:**

Brand Promotion – Use on products, packaging, and storefronts.

Personal Customization – Decorate laptops, bottles, vehicles, and gadgets.

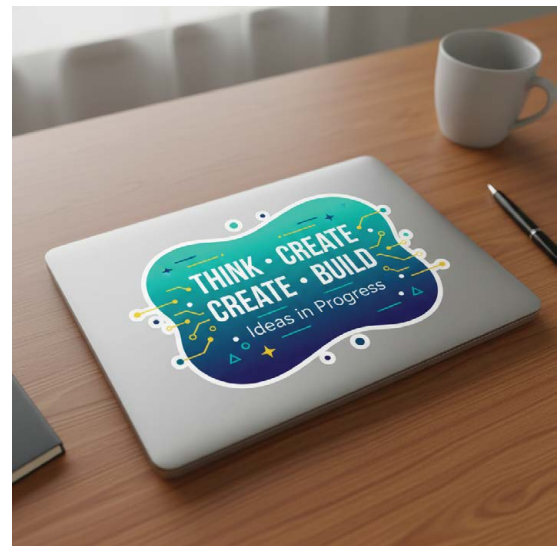

Marketing & Advertising – Stand out with eye-catching designs and logos.

 **RESELLER SELLING TIP**

Highlight high-tack adhesive strength and durable PVC, ideal for long-term use, outdoor applications, and firm surface bonding.

 **TURNAROUND EXPECTATION**

7-10 business days

Industrial Stickers

WARRANTY VOID STICKER

Our Warranty Void Stickers are security labels made from tamper-evident materials that prevent unauthorized access or tampering with products. Once applied, these stickers leave behind a “VOID” message or get destroyed if removed, ensuring product integrity and warranty compliance. Ideal for electronics, appliances, machinery, and other high-value items where warranty protection is essential.

Tamper-Evident Material – Shows clear signs of tampering when removed.

Security Assurance – Leaves a “VOID” mark or gets torn upon peeling.

Water & Heat Resistant – Withstands environmental stress.

Strong Adhesive – Sticks firmly to flat and smooth surfaces.

Custom Printing Available – Add serial numbers, logos, barcodes, etc.

Compact & Versatile Sizes – Available in various shapes to fit different product surfaces.

 **SIZE - CUSTOMIZABLE**

 **QUANTITY - 1 TO ∞**

 **BEST FOR:**

Warranty Protection – Prevents unauthorized repairs or replacements.

Electronics & Appliances – Secure laptops, mobiles, chargers, and gadgets.

Industrial Equipment – Tag machinery and tools for safety and warranty checks.

Seals for Packaging – Add security to boxes, cartons, and packages.

 **RESELLER SELLING TIP**

Highlight tamper-evident protection that reveals damage or VOID on removal, ideal for warranty control and product authentication.

 **TURNAROUND EXPECTATION**

7-10 business days
